

SHAPING EUROPE TOGETHER: Progressive Voices from the Western Balkans

**Friday
14:00 - 15:00
Fira Barcelona,
Room Dolores Huarta (Panel 2)**

We, progressive political leaders from the Western Balkan, will at the high-level political panel "**Shaping Europe Together: Progressive Voices from the Western Balkan**" discuss the geopolitical challenges shaping our future, the persistent challenges and slow progress of EU enlargement as well as our steadfast commitment to social justice, democracy, the rule of law, human rights and gender equality, solidarity and the fair distribution of wealth - principles that belong to all our citizens.

Yet we can not win this political and ideological battle alone. Our efforts must be situated within the broader European context and aligned within the vision of a peaceful and prosperous future to which we have much contributed.
